SPELL – Swiss Papers in English Language and Literature, published by Gunter Narr, Tübingen, is a publication of the Swiss Association of University Teachers of English (SAUTE). Established in 1984, it first appeared every second year and was published annually from 1994 to 2008. Since 2009 two volumes appear in uneven years and one in even years. Contributions are original and were subjected to external evaluation by means of a peer-review process. Essays published in SPELL are documented in the MLA International Bibliography. SPELL is published with the financial support of the Swiss Academy of Humanities and Social Sciences.

All essays are available digitally in Open Access from e-periodica at <https://www.e-periodica.ch/digbib/volumes?UID=spe-001>. A list with information about the thirty-six SPELL volumes (editors, titles, dates of publication) appears at the end of the present document.
